# GLEANINGS in BEE CULTURE

We looked upon a world unknown,
On nothing we could call our own.
Around the glistening wonder bent
The blue walls of the firmament,
No cloud above, no earth below,—
A universe of sky and snow!
—John Greenleaf Whittier.

# A New Branch at Texarkana, Arkansas in the Southwest

Due to the greatly increased business from the beekeepers of the southwestern states the G. B. Lewis Company takes pleasure in announcing a new branch office and warehouse to best serve this territory.

Opened for business November 2, 1925, the G. B. Lewis Company of **318 East Broad Street, Texarkana, Arkansas,** is a consolidation of the G. B. Lewis Company of Wichita, Kansas, and Memphis, Tennessee.

Mr A. D. Hiett, of Lynchburg, Virginia branch, will be in charge, assisted by Mr. Elmer Ebert, former manager of our Wichita, Kansas, branch. Mr. Jere Fraser, of our Memphis branch, will be in chage at Lynchburg.

A glance at the map shows that we can better serve you than ever before through the Texarkana branch on **Lewis Beeware** and **Dadant's Foundation.** Your patronage that has made possible this consolidation is appreciated.
